### **Agenda**

- 1 Preparation of the general meeting 21/22 with all the partners
- 2 Preparation of the Expert meeting: roles and responsibilities
- 3 Sharing experiences till now about the project and the progress made

### **Conclusions and appointments**

#### **1 Preparation of the general meeting:**

Looking at the agenda and the programme all members agreed with their roles and contribution.  
Special attention should be paid to the evaluation of the manuals and the game  
And also good to look at possible future activities: the next C2C project on Tuesday meeting

#### **2 Preparation of the Expert meeting**

Every member of the core group has a task and ideas were shared and appointments made about the presentations and the discussions afterwards.

#### **3 Sharing Experiences till now**

We all look back at a successful project despite the variation in partners and situations  
The awareness was the focus and we could manage to keep on track.  
Products and website are excellent instruments for using
