

Conference report form

Conference title: NL Meeting
Working and Learning in the World of Cradle-to-Cradle C2C
Date: **20 October 2013 - 23 October 2013**
Place: **'s-Hertogenbosch, The Netherlands**

Conference activities (description of workshops, lectures, work, etc.)

Sunday 20 October 2013

We arrived at 19:00 in the evening at Hotel Central. We were given a dinner at the hotel and a warm welcome. After, considering the busy schedule of the next day, we prepared for it.

Monday 21 October 2013

On October 21 morning after a short breakfast, we began in force with each partners' project presentations: presentations started with Romanian partners with the activities organized under this project, some of the activities were carried out together, so each side Romanian presented its own experience. Followed the presentation of the Greek side.

Lunch

Afternoon on the same day dr Eser Sonja introduced the building of her own house in accordance with the concept of Cradle to Cradle, which was most exciting part. After that was held a meeting with several experts from the Netherlands and England dr.Ken Daelmans Rudi Webster, followed by role play of dr.Sonja Eser.

Tuesday 22 October 2013

In the second day, continued presentation of other partners, the German and Irish (Irish party presentation was held by Rudolph Bolsius) activities conducted in the project. Part of the project management inquired what would be needed for the continuation of activities the project partners after the project will be finished.

Lunch

In the afternoon, we visit the surroundings of the beautiful city **'s-Hertogenbosch** with a good guide Rob de Vrind.

Thursday 23 October 2013

After a quick breakfast, we were able to visit a little the town **'s-Hertogenbosch**. We took the train to Eindhoven Airport.

Conference results (contacts, action plans, documents etc.)

During the meeting, each partner thought and pressed their point of view, about the different activities that they organised.

Learning outcomes (what input has the conference delivered for your organisation and for yourself)

The end conference organized in **'s-Hertogenbosch, The Netherlands** the participants were presenting a own practical experience on the journey of the project: for vocational school, respectively in a company with different example both for education and business.

Conference agreements (what have all parties present agreed upon)

New information was provided by the experts from the Core Unit. After all, at the end of the day, we and they (university and industry) realise that play a major part in this, because innovation and education go hand in hand.

Contribution (description of own contribution to the conference)

The representatives of the Chamber of Commerce were directly involved in the conference mostly on first day .

Remarks

At the end of the day some information about the project management were presented: contracts, deliverables, finances, etc.
It was a very well organized meeting.
